# OUR STORY

---

## Starting from Scratch

The story began in the hometown of faucets, Dingfanpo of Lukang. For the past three generations, we focus on only one thing: making the best faucet. Growing up in this industry, a young graduate, who just entered the workforce, was fixing and selling faucets from door to door with his second-hand scooter, under cold weather. Building a strong foundation for SHENG TAI in plumbing hardware business, we became well-known in domestic and overseas market as our brand JUSTIME. With our persistence on craftsmanship, for the past 40 years, we continue to make the faucets of high quality, and to provide excellent services to our customers and partners.

## Brand Origin

The core value of the word “JUSTIME” is that we believe our products always make the debut on just the right time for them. Playing a key role in OEM products of world-famous plumbing brands, Dingfanpo Area is celebrated for the excellent quality and capacity of the water plumbing products, and SHENG TAI is the leader in Taiwan’s water plumbing industry. However, we realized that Taiwan needs a water plumbing brand; therefore, after investing heavily in R&D and design, we established the brand “JUSTIME”, which not only introduced our capability in designing and skillful technique to the world, but also became an international brand by winning numerous international designing awards.

## JUSTIME | Just a Life

Life should be relaxing, and filled with aesthetics as well. As a people-oriented brand, JUSTIME provide excellent services for our customers, in order to make their lives easier and more convenient. Our products not only offer perfect and user-friendly functionality, but also break the barrier with more diverse and creative designs to endow life appliances with fashionable beauty and integrate with the imagery of home.

## Globalized Brand, Localized Service

Plumbing fittings and faucets require a team of professional customer service; therefore, localized services has become JUSTIME’s superiority in expanding global market. We established an agent network to provide high-quality products and services in the global market. Through the local distribution systems, JUSTIME provides the immediate and customized services to make products suitable for personal requirements.
